

Udder Heaven – Route 3 Alternate Route

If you pass us or are coming from town

It's Not Always Easy Finding Your Way to "Heaven"

★ If you miss us heading into town, your first option is to take a left at the foot of the hill. Look for Hanscom's Motel on the left and turn left onto Sand Point Road. Follow the black dotted lines. Please be respectful, as this is a quiet residential street with low speed limit and it has a few curves and small hills. It is dark at night. At the end, take a left at the stop sign and after about 200 feet take a left at the next stop sign onto Route 3. This takes you back to us

☀ Heading into town, if you are further down Route 3 take the right at the traffic lights onto Crooked Road, then follow the red/black arrows and steps 1 -3 below
