

## ALLERGEN ADVISORY

What follows are ice cream flavors with ingredients that are known to be common allergens. Although, we take several steps to isolate our nut products particularly, **we cannot guarantee that our products do not contain unintended ingredients.** For example, flavors not intended to have nuts could in fact contain nut oils or remnants. The same for other known allergens, as we use ingredients that contain dairy, eggs, nuts, soy, and wheat/(gluten) throughout our facility. The list is not intended to be all inclusive, so please ASK!

**DAIRY** – ALL OUR ICE CREAM, SHERBET AND SOFT SERVE PRODUCTS CONTAIN DAIRY. Do you have an allergy, or do you have a lactose issue? There is a difference. We carry a selection of Non-Dairy Alternatives, Sorbet and Italian Ices which are not intended to have dairy but may in fact have ingredients known to be allergens.

**NUTS** – including almonds, coconut, pecans, peanuts, pistachios, walnuts, wet walnuts
